WHO WE ARE

The Global Alliance for the Rights of Older People (GAROP) is a network of over 220 civil society organisations from around the world who have come together to strengthen and promote the rights of older people. We are united in our support for a new UN convention on the rights of older people.

Our Mission

Our mission is to support and enhance civil society's engagement at national, regional and international levels on the need for a new international instrument on the rights of older people.

Our Vision

We seek a world in which older people live free from discrimination and are able to fully enjoy their rights.

Our Values

Our core values are partnership with, inclusion of, and the promotion of participation by older people in decisions that affect their lives. We respect the rights of all people regardless of age, race, ability, gender, language, religion, sexual orientation, political views, national or social origin, class and birth or property status.
